Hi Cody, Todd and Randy,

As I mentioned briefly after our CCA meeting last week, I had a good discussion with the Gregory Rockhouse (GRR) group.

I went over the attached notes with them for over 2 hours.

Now I need a meeting with all of you (either Tuesday or Wednesday preferably) to cover where we go next. You can pick the time that works best for you.

By meeting early in the week with all of you, I will try to set up another meeting with GRR (on Thursday or Friday) to begin formulating how we get them into compliance and do a better job on their future R/Ws.

Please let me know the date you would like to meet at your earliest convenience.

Thank guys and have a great weekend.

Attached are the notes I would like us to go over (especially the ones hi-lighted in yellow).

I can certainly make that work Randy.

Cody and Todd.....can you two also make Wednesday at 9:15 am in your office work?
